*"Janet is by far the best reader I've consulted. I feel her compassion, wisdom and ability to use good common sense. I am not an airy-fairy kind of girl so her depth and attention to personal details are invaluable."*  
- Susan Huff

*"I met Janet with a question regarding a time to sign a contract for the sale of my parents' home. I sat with the real estate person until the appropriate time, signed the contract and in 18 days we had an offer for more money than any other offers in the area. The timing was perfect on the sale of the home and so was the price!"* – E.N.
